Phone: +(234)-813-859-0395

Email: ateredamilola4d@gmail.com

Location: Abuja, Nigeria.

PROFESSIONAL OBJECTIVE

As a front-end developer, I am eager to apply my knowledge of HTML, CSS, JavaScript, and responsive design to contribute to the designing and implementing of web applications. I am actively seeking opportunities to enhance my skills in transforming design mockups into functional code. With a strong passion for user-centered design, I am enthusiastic about contributing my technical abilities to a dynamic development team and driving innovative solutions.

TECHNICAL SKILLS

- **Languages:** HTML, CSS, JavaScript
- **Frameworks/Libraries:** React.js, Next.js, Tailwind CSS
- **Tools:** Git, GitHub, Figma
- **Other:** Responsive Web Design, Cross-Browser Compatibility, Basic SEO

EDUCATION

Bachelor of Science in Computer Science,

University of Abuja, FCT, Nigeria.

2022

PROJECTS

Personal Portfolio Website

Developed a personal portfolio website to showcase projects, skills, and experiences, with a responsive design for optimal viewing on all devices.

- Created a dark/light mode toggle using Tailwind's theming capabilities, allowing users to switch between modes for a personalized experience.
- Created custom animations with Tailwind CSS and CSS keyframes to enhance user engagement, balancing effects with performance needs.
- Built a contact form with real-time validation and integration with Formspree, ensuring secure and user-friendly communication.
- Technologies used: Next.js, Tailwind CSS, Vercel, Framer Motion
- <https://ateredamilola.vercel.app/>

Lingua

Developed a responsive language learning platform using Next.js and Tailwind CSS, allowing users to explore courses, resources, and language tips, with a focus on scalability, and interactivity.

- Tailored layouts with Tailwind CSS to ensure mobile-first design and accessibility features, making the platform usable for a wide range of users.
- Technologies used: Next.js, Tailwind CSS, Vercel, Shadcn

WORK EXPERIENCE

Frontend Developer, Code4teen Labs – July/2022 – July/2023

Code 4TEEN Labs is committed to aiding the complete integration of computer language into the educational ecosystem by empowering teachers with the tools they need to succeed in teaching real coding in classrooms.

- I Contributed to the development and enhancement of the company's e-textbook for students and educators, focusing on responsive and user-friendly design.
- Assisted with bug fixes and feature updates.
- **Skills used:** JavaScript, React.js, Bootstrap, Html/CSS, and Git
- <https://cs-labs.online/>

Intern, Wootlab Innovations – April/2022 – July/2022, FCT Nigeria.

Wootlab Innovations is a software engineering and talent outsourcing organization that addresses major societal challenges by leveraging technology to advance human capital development.

- I created a responsive UI form component using HTML and CSS for a website.
- Engaged in code reviews to learn best practices, provided feedback on team members' work, and actively participated in team meetings to discuss project progress and challenges.
- I instructed the Kids-cypher program at Wootlab, where I introduced young learners to programming languages.

CERTIFICATION

IBM Frontend Developer Professional Certificate in view.
