Phone: +(234)-912-168-1463

Email: ateredamilola4d@gmail.com

Location: Abuja, Nigeria.

PROFESSIONAL OBJECTIVE

As a software developer, I am eager to apply my skills in HTML, CSS, JavaScript, and responsive design to contribute to the creation of modern, user-friendly web applications. I am actively seeking opportunities to enhance my ability to transform design mockups into functional, high-quality code. Driven by a passion for user-centered design, I am enthusiastic about bringing my technical strengths to a collaborative development team and contributing to innovative, impactful solutions.

TECHNICAL SKILLS

- **Languages:** HTML, CSS, JavaScript, TypeScript
- **Frameworks/Libraries:** React.js, Next.js, Tailwind CSS, Framer Motion
- **Tools:** Git, GitHub, Figma, Shadcn
- **Others:** Responsive Web Design, Cross-Browser Compatibility, Basic SEO

EDUCATION

Bachelor of Science in Computer Science,

University of Abuja, FCT, Nigeria.

2022

PROJECTS

Personal Portfolio Website

Developed a personal portfolio website to showcase my projects, skills, and experiences, with a responsive design for optimal viewing on all devices.

- Developed a visually engaging and responsive portfolio using Next.js and Tailwind CSS, ensuring seamless device performance.
- Implemented smooth, interactive animations with Framer Motion, enhancing user experience and engagement.
- Designed and integrated a functional contact form with react-hook-form, facilitating secure and efficient communication.
- Showcased a collection of projects, each detailing specific technologies and contributions, demonstrating a breadth of skills and experiences.

- Deployed the portfolio on Vercel, leveraging its capabilities for optimized performance and continuous deployment
- <https://ateredami.vercel.app/>

Deebrew Website

Developed a responsive and visually appealing landing page for Deebrew, a coffee brand, utilizing Next.js and Tailwind CSS to ensure seamless performance across devices.

- Optimized the site for performance and accessibility, ensuring fast load times and a user-friendly interface that caters to a diverse audience.
- Implemented interactive UI components and smooth transitions to enhance user engagement and provide an intuitive browsing experience.
- Technologies used: Next.js, Tailwind CSS, Vercel, Frame Motion, Gsap
- <https://deebrew-landing.vercel.app/>

Lingua

Developed a mock responsive language learning platform using Next.js and Tailwind CSS, allowing users to explore courses, resources, and language tips, with a focus on scalability and interactivity.

- Tailored layouts with Tailwind CSS to ensure mobile-first design and accessibility features, making the platform usable for a wide range of users.
- Technologies used: Next.js, Tailwind CSS, Vercel, Shadcn

WORK EXPERIENCE

Frontend Developer, Code4teen Labs –July/2022 – July/2023

Code 4TEEN Labs is committed to aiding the complete integration of computer language into the educational ecosystem by empowering teachers with the tools they need to succeed in teaching real coding in classrooms.

- I contributed to developing and enhancing the company's e-textbook for students and educators, focusing on responsive and user-friendly design.
- Assisted with bug fixes and feature updates.
- **Skills used:** JavaScript, React.js, Bootstrap, HTML/CSS, and Git
- <https://cs-labs.online/>

Intern, Wootlab Innovations – April/2022 – July/2022, FCT Nigeria.

Wootlab Innovations is a software engineering and talent outsourcing organization that addresses major societal challenges by leveraging technology to advance human capital development.

- I created a responsive UI form component using HTML and CSS for a website.
- Engaged in code reviews to learn best practices, provided feedback on team members' work, and actively participated in team meetings to discuss project progress and challenges.
- I instructed the Kids-cypher program at Wootlab, where I introduced young learners to programming languages.

CERTIFICATION

IBM Frontend Developer Professional Certificate in view.
